SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Salisbury, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Salisbury for the year ended December 31, 1974, which was made by Nathan Wechsler & Company in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, and Salisbury Free Library.

FINANCIAL STATEMENTS

Comparative Balance Sheets as of December 31, 1973 and 1974: (Exhibit A-1)

The balance sheet surplus of $21,837.17 represents the current surplus (excess of total current assets over current liabilities) on December 31, 1974.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These are as follows:

Analysis of Change in Financial Condition

Net Budget Surplus	$7,259.56

Comparative Statements of Appropriations and Expenditures – Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the year ended December 31, 1974 are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), net unexpended appropriations of $12,215.31, less a net revenue deficit of $4,955.75, resulted in a net budget surplus of $7,259.56.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the year ended December 31, 1974, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1974, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Salisbury for their assistance during the course of the audit.

Very truly yours,
Stuart A. Goss
Nathan Wechsler & Company

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Salisbury for the year ended December 31, 1974.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Salisbury at December 31, 1974, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding year.

Respectfully submitted,

Stuart A. Goss

FIRE DEPARTMENT REPORT

Fifteen calls were answered during the past year by the Volunteer Fire Department. These calls included one building fire, five brush or grass fires, two automobile accidents, two smoke investigations—no damage, one mutual aid call, two mutual aid stand-by calls, one call to the town dump, and one false alarm. The mutual aid system, which we are part of, answered a call from us with five towns responding.

A dry hydrant was installed this year, all work being done by the firemen. We are most grateful to Dr. Edgar Haber for allowing us to install this in the pond on his property.

The men again attended various training schools throughout the year, regular monthly meetings were held, various drills were held, and mutual aid meetings attended.

A percolation test has been taken and work is underway for the installation of a septic system at the fire station. The Ladies Fire Auxiliary is paying all costs for this. All their help is greatly appreciated.

PLEASE—when you report a fire use the fire phone number, 8-2200. This will ring into six different places.

Fire Chief

REPORT of the FOREST FIRE WARDEN

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

CIVIL DEFENSE AND RESCUE SQUAD REPORT

The Salisbury Civil Defense Rescue Squad has answered 23 emergency calls since the new truck was delivered seven months ago.

The Civil Defense Rescue Squad welcomed into its membership five members of the Salisbury Police Department which put the membership of the unit at twelve trained members.

A two-day seminar for Civil Defense Directors and Town Selectmen was held in October, 1974 at the New England Center in Durham. Mr. Edward Bailey and Larry Young were in attendance for both days and the Civil Defense office is planning a meeting with all department heads in the spring of 1975 to go over all aspects of town emergencies.

The Rescue Squad would like to thank Gib Prescott, Ray Robbins, Dave Hodges, David Fredette and Don Prince for their time and/or materials given while getting the new rescue truck ready for use.

To report an accident or household emergency, please use the fire phone number, 648-2200.

Library hours have been changed and are as follows:

April 1st to December 1st

Friday evenings 6:30 to 8:30 p.m.

Saturday afternoons 11:00 a.m. to 2:00 p.m.

December 1st to April 1st

Friday evenings 6:30 to 8:30 p.m. (1st and 3rd Fridays only)

Saturday afternoons 11:00 a.m. to 2:00 p.m.

This represents an increase of one hour each week over last year and it is our hope to keep the library open additional hours with increased town use.

Two new tables and six new chairs have been purchased to replace the old library ones. This purchase was made with funds raised by the Friends of the Library and represents many long hours of work to raise funds.

Book sales will be held periodically again this year and anyone having old books they may wish to donate for resale may contact any one of the trustees. Donations are gratefully appreciated and represent an important part of our operating income.

This year it was necessary to make restitution to the N.H. State Library for books lost over the past few years that were lent from the Bookmobile. These books represent only a portion of the books borrowed and not returned to the Library. Those not returning books in the future will be billed in turn for the amount we are billed from the State Library so it is requested that every effort be made to return books within the four-week period set by the library. This year $269.92 of the Library account was spent to reimburse the State Library for lost books and we would wish to avoid such an expenditure in the future.

This year we have added nearly 160 new books to our shelves of interest to all age groups. In the coming year a major portion of the yearly appropriation will be used in the purchase of books for children.

This year we accepted with regret the resignation of Mrs. Evelyn B. Nerden as librarian and wish to thank her for her many hours of work, a share of them were donated without pay. We welcome Mrs. Bessie Prince as our new librarian. She has already proved to be a definite asset to the library.

Respectfully submitted,
Harlean S. Merkes
Trustee and Treasurer

VISITING NURSES ASSOCIATION OF FRANKLIN, INC.
VISITS FOR SALISBURY

The Board of Directors of the Visiting Nurse Association of Franklin are grateful to the town of Salisbury for their past support. With your assistance we were able to provide the following services to Salisbury:

SERVICE		1973	1974
Nursing	Home Visits	181	193
Physical Therapy	Home Visits	0	12
Total Visits		181	205

Well-Child clinics and Immunization clinics are available to Salisbury residents. Two families and five children have been attending Well-Child clinics on a regular basis. Transportation to and from the clinics was provided by volunteer Board members.

As of January 1975, the hospital, nursing homes and skilled nursing facilities will be required to implement discharge planning for their patients. It is anticipated that this and the depressed economy will create a greater demand for home health care.

The Visiting Nurse Association provides service to all citizens of Salisbury who need care regardless of ability to pay. Last year the town of Salisbury appropriated $998.65 for V.N.A. services. We request your support for the same amount for 1975.

Should you wish additional information we would be pleased to meet with you at your convenience.

Sincerely,

Olive Morrill, President

CAPITAL REGION
REFUSE DISPOSAL PLANNING BOARD

The deadline to end open burning of refuse in New Hampshire, July 1, 1975, is fast approaching. To this end, the Capital Region Refuse Disposal Planning Board has been investigating various options open to the member towns for the past two years.

The study has now reached a point where clear options are available, certain costs readily defined and decisions can be made.

The results of an earlier study indicated that certain economics could be realized from combining the resources of several towns which would then permit them to effectively deal with the solid waste problem.

The present study was divided into two phases, an initial phase of engineering and transportation study of a selected site or sites. The Capital Region Refuse Disposal Board in cooperation with the Central New Hampshire Regional Planning Commission finally determined the actual sites to be investigated.

Both the Regional Commission and the Capital Region Refuse Disposal Planning Board have reviewed the report and discussed the matter with the consulting engineers. Following these discussions the Concord site was chosen as the single regional site due to its location, size and amount of on-site cover, among other considerations.

The study has progressed to the point that a draft of the landfill operation has been received and has been reviewed and approved by the State agency in charge of solid waste regulations.

The basis for the landfill operation will then be the study report. Of importance to possible users of such a landfill is the question of costs — How much will it cost my town?

Since the City of Concord presently owns the site, located on Old Turnpike Road, the contributing communities would be reimbursing the City for their share of the space used.

In the most recent conversations, the City Manager has indicated a willingness to participate in an informal regional solid waste solution. It is the belief of the City Manager that were the City not included in a district arrangement at this time that all parties concerned would realize a benefit.

The City has discussed a possible time span of three years, after which the participating members may wish to reevaluate the situation and continue or discontinue the agreement. The City has also discussed a change after one year of the proposed arrangement from a per capita charge to a per tonnage fee. The first year would thus become a means of establishing base data upon which to evaluate the tonnage fee.

In Summary, the conclusions reached by the Capital Region Refuse Disposal Planning Board are:

—the City of Concord be approached for the purposes of contractual arrangements with individual or groups of communities to provide the facility for solid waste disposal;

—the community be assessed at a per capita rate not to exceed $2.16 per capita for such services;
—a per tonnage charge be instituted as soon as adequate historic records can be established;
—an advisory board may be created to assist the member communities as necessary.

The present concensus would appear to be that each individual community, through its Selectmen, negotiate a means to getting refuse from its town to the landfill. The reasoning behind this appears to be that each and every community would be free to choose its own method be it contract with a private hauler, contract with another town, rental or lease of equipment singularly or in a joint venture with another town(s) or use of town equipment to take the refuse to the City landfill operation. (Private automobiles will not be permitted on the landfill site.)
